

Some notes on the Wolf Achievement Tracker Spreadsheet

(All requirements are as 2006 as listed on <http://usscouts.org/advance/cubscout/wolf.html>)

STOP!! Do you have the latest version? This is version v2r14. Please check the following website to make sure you have the most recent version of the file before beginning! www.madsenco.com/scouting.shtml

This spreadsheet will track the progress of up to 15 scouts in your Wolf den.

The spreadsheet contains an individual worksheet for each scout in your den (Scout 1 through Scout 15) and a summary sheet, where the progress of all the scouts can be viewed.

The Summary sheet allows you to enter "Awarded" dates for each activity.

TIP: A detail sheet is also provided which I find very helpful for den meeting planning. Did you ever want to know what Elective you could work on in a den meeting that would benefit *all* the cubs? The detail sheet is for you!

The Scout worksheets are where you enter all the activity for each scout. No entries can be made on the detail or summary sheets - they are calculated from the scout sheets.

(in column J). For each achievement or Elective completed, for which Arrow Point credit is desired, enter the letter **E** (in column P or W). Input is not case sensitive. **For Bobcat, or other non achievement or elective related items, use a C for complete.**

If you work as a group on a requirement and want to add the requirement for multiple scouts, hold down the control key and then select all the scouts in the meeting. That will highlight the tabs for those scouts. On one scout, enter in the items earned and it will be entered for all scouts' whose tabs are highlighted. When you are finished, make sure to click on any other tab other than the highlighted tabs and the tabs will no longer be highlighted and you can enter things done

NEW! There are two Electives (5 g, h, i and 9b,c), which allow you to complete them more than once. Simply enter the number of times (1, 2, 3, etc) that the Elective has been completed instead of using the "E".

The spreadsheet will calculate the rest! A "C" indicates that an achievement (or group of achievements such as family, self, etc) is complete. A "P" indicates that the achievement is partially complete.

All cells with a shaded background are calculated cells - don't type anything in these cells or the formulas will be lost!

I have turned protection on to prevent the accidental typing in calculated fields. **If you want to turn protection off, the password is 'wolf' without the quotes.**

To ADD NAMES FOR Scouts -

Double click on the worksheet name 'tab' such as "Scout 1" at the bottom of the sheet and type in the scout's name. His name will then appear on the top of the sheet and on the summary sheet.

(For OpenOffice users, cell A1 will not feed directly from the tab name so you will need to type the name again in cell A1.)

If you are not familiar with tabs, the worksheet tab for this sheet is 'Notes'.

By double clicking the worksheet name, Excel will allow you to rename the worksheet.

TIP: Rename each spreadsheet using the Scouts last name making access to a scout's records easy to get to. When you change the worksheet name, such as Scout 1, it will also change "Scout 1" where it appears on the summary, detail, and on the Scout worksheets automatically.
